AP Spanish 2010 Required Summer Reading

All students entering AP Spanish in the new school year must read *Sangre y arena* by Vicente Blasco Ibáñez and complete the following assignment:

Read Chapters I through VII and respond to the comprehension questions for each chapter on pages 94-96 (*Sobre la lectura*). Answer each question in correct Spanish according to the text, but do not copy your responses. You will also write a reflection in Spanish in response to the discussion questions 2, 3, and 8 on p. 97 (*Para hablar en clase*). Each response should be 150 words.

When you return to class, you will be expected to discuss the characters and events of the novel in detail. We will complete chapters VIII through X as a class assignment.

You will receive a copy of *Sangre y arena* from your current teacher. The text of this edition is written in Spanish for students at an intermediate-advanced level of study. You will receive a printed copy of the chapters required for summer reading only. If you wish to acquire a copy of the full text, you may be able to do so from an online book seller. The edition is: *Sangre y arena*: Colección LEER EN ESPAÑOL, la Editorial de Santillana, S.A. (ISBN 84-294-3439-9).
